ALLAN HOOSAIN
PRIMARY EXAMINER

Reasons for Allowance:

The independent claim recites communication over the Internet using cordless telephones and a limitation for the following:

"wherein said software is compatible with telephonyt software utilized by Internet telephony providers so as to allow emulation of a cordless POTS telephone call over the Internet"

The prior art of record teaches communication over the Internet but not using cordless phones as recited in the limitation. New search updates revealed no other prior art which teaches the limitation in the context of the claims. Therefore, Claims 1-8,10-17 are indicated allowable.

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Attorney **Max Stul Oppenheimer**, Registration No. 33,203 on 7/28/05.

The application has been amended as follows:

2. Cancel claim 9

3. Claim 1

After line 40, add the following:

‘—wherein said software is compatible with telephony software utilized by Internet telephony providers so as to allow emulation of a cordless POTS telephone call over the Internet;--‘

4. Claim 4

Line 2, after ‘—status—‘ change ‘—signal—‘ to ‘—signals’

5. Claim 5

Art Unit: 2645

Line 3, before '—and a computer—' change '—signal—' to '—signals'

6. Claims 10-14

Line 1, Change '—Claim 9—' to '—Claim 1—'

7. Add the following new claims:

16. A device as in Claim 1 wherein said connection between said computer and said remote cordless telephone base unit comprises a USB port.

17. A device as in Claim 1 wherein said connection between said computer and said remote cordless telephone base unit comprises a serial port.

8. The following is an examiner's statement of reasons for allowance:

Independent Claim 1 recites a remote cordless internet telephony device which communicates over the Internet using software and a limitation for the following:

“wherein said software is compatible with telephony software utilized by Internet telephony providers so as to allow emulation of a cordless POTS telephone call over the Internet”

The prior art suggests communicating over the Internet using cordless telephones. The prior art is different because it does not teach software which emulates cordless POTS telephone calls as recited in the limitation. New search updates revealed no other prior art which teaches

Art Unit: 2645

the limitation in the context of the claims. Therefore, claims 1-8 and 10-17 are indicated allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
